## 1. Main Features

- Data-transfer Easily transfer data between internal device (iPhone/iPad) and external devices (Lightning drive)
- File-viewer Supports more than 40 popular video/audio/ photo/document formats
- File-management Supports file copy/move/delete/rename
- File-share Easily share files to and import from other Apps that support file sharing
- Photo backup Easily transfer photos/videos from system album of iPhone/iPad to the lightning drive
- Camera/Recorder Photograph/Record and save directly to the lightning drive

## 2. First Time Use

- Insert Lightning connector
- Click App Store
- > Press Download to get the STT Mobile Manager app
